

YEAR 4 TRANSITION

ART ACTIVITY

We would like you to create a **side profile** and fill it
will all of your **favourite things**.

Firstly, ask an adult to draw around your silhouette as a side profile. You may need to help them by holding the piece of paper against the wall.

Try to answer these questions to help you think of your favourite things.

What is your favourite subject at school?

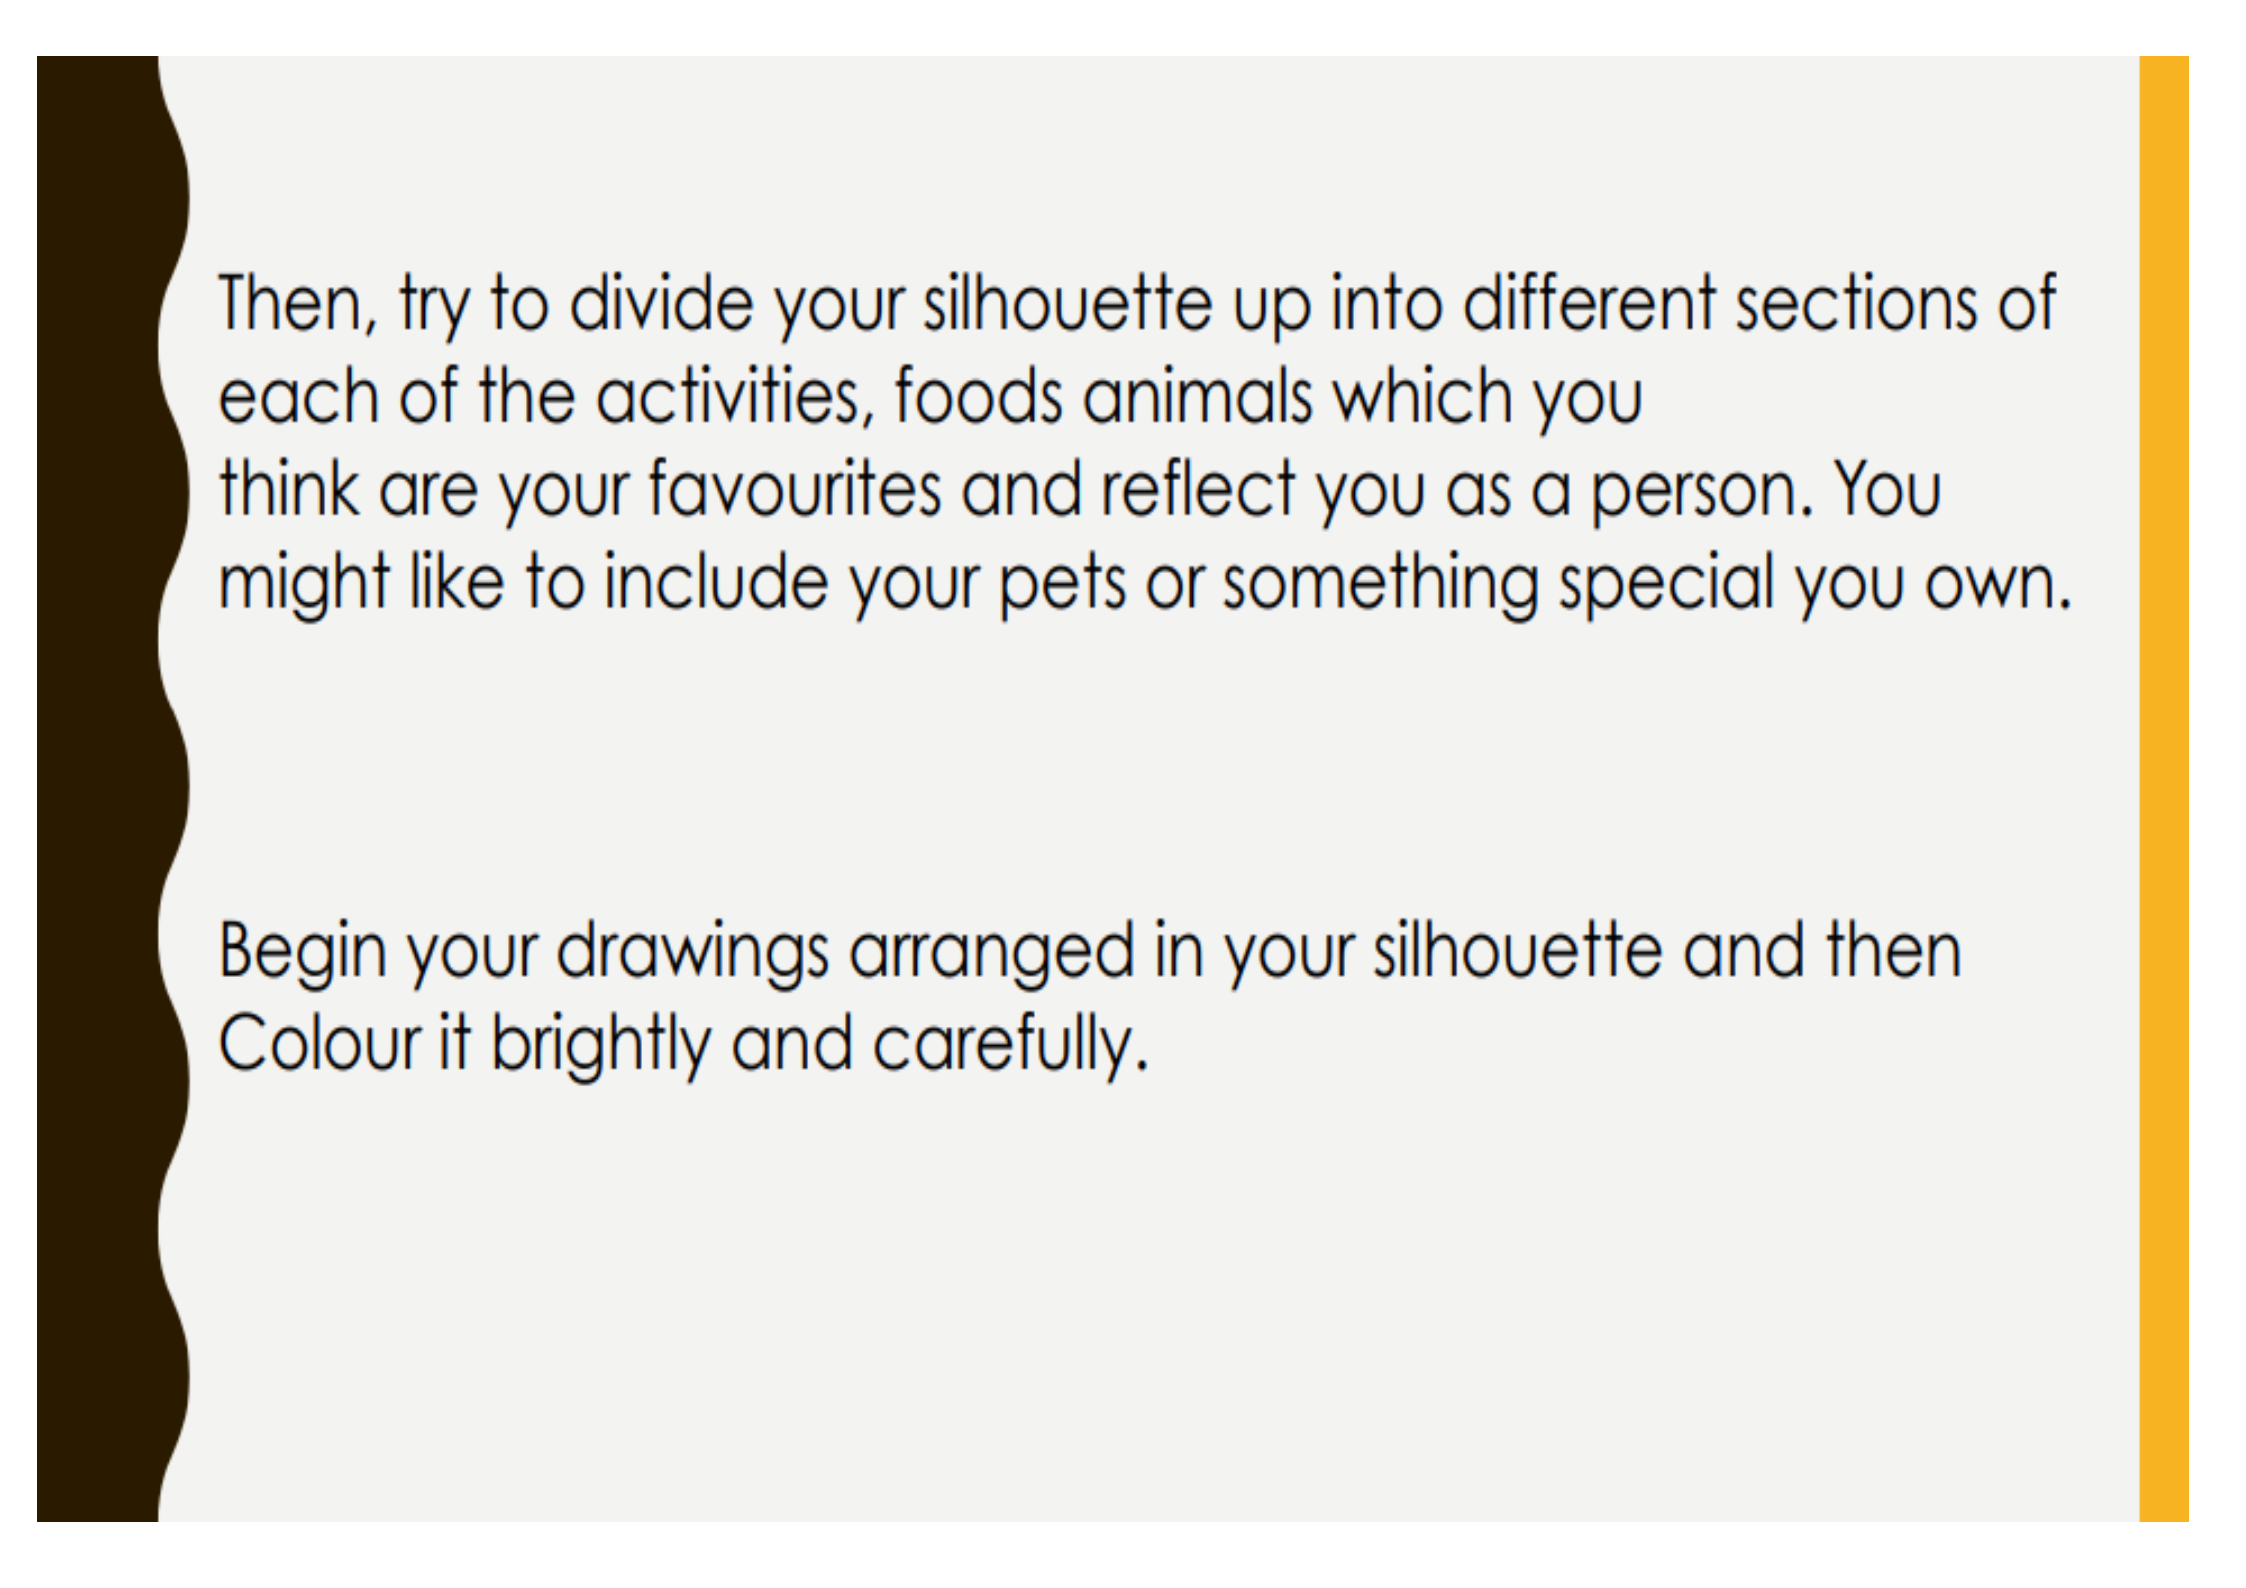

What is your favourite fruit or vegetable?

Do you have a sporting team you support?

How do you spend your spare time?

Where is your favourite place?

Who is in your family?

Then, try to divide your silhouette up into different sections of each of the activities, foods animals which you think are your favourites and reflect you as a person. You might like to include your pets or something special you own.

Begin your drawings arranged in your silhouette and then Colour it brightly and carefully.
