

Subject: weekly update

Date sent: 14th June 2020, 3:48pm

Great Barford C of E Primary Academy

Dear All,

Another week has flown by and we're half way through June already. Amazing.

The introduction of Nursery back into school went really well last week and we're looking forward to welcoming back Year 1 this coming week.

Our key worker groups are continuing to grow and we have split them again. We now have 4 groups. If your child is in Reception and part of the key worker group, please make your way to Mr Allcorn's classroom tomorrow morning and Mrs Criddle and Ms Beilis will be there to meet you. I will be at the gate to direct you as well.

Could you please check the scheduled time of arrival and pick up for your children. As we increase the number of children on site it is vital that everyone sticks to these times so we can ensure safe entry and exit on our site.

We are hoping to invite the wider Reception year group back into school from 2nd July. If your child is in our Reception class we will be contacting you during the week beginning Monday 22nd June to confirm whether you require a space or not.

Once we have opened the Reception bubbles we will be working at full capacity with all of our classroom and wrap around care staff working back on site within our bubbles. Until we are able to widen our bubbles we will not be able to introduce any further year groups or open our before and after school club care. Of course, as soon as it is safe to do this we will.

We are currently taking advice about the viability of our holiday club and will let you know shortly as to whether we will be able to offer this care over the summer holiday this year.

Next weeks work is now available on the school website. Please ask the children to keep checking our website next week as there may be another surprise waiting for them.

Take care,

Sarah Evans
Headteacher
