Toddler Community Event

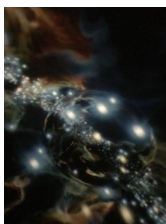

If you have a baby or child of pre-school age, you are invited to a parent and toddler event in school on Monday 20th January.

If you know of anyone in the community who might like to attend, please let them know that a warm welcome will await.

Planetarium

On Wednesday, we were lucky enough to borrow a planetarium from Mark Rutherford Secondary. Nursery and KS1 enjoyed exploring space with Wilbear's adventures.

Year 5 enjoyed learning about how our earth formed and how it changed over time with our moon and the sun. We had a brilliant day and all children thoroughly enjoyed travelling through space.

Y1 Wish Tree

The Y1 teachers have been busy developing their outside learning area. The Friends have been kind enough to donate £1000 for building blocks, as well as having had lots of offers of donations of different things from parents and carers. With this in mind, Y1 have made a wishing tree that has leaves on it detailing the things they would love to have for their area. There are leaves on the tree that have lots of different things that they would love for their area. The tree is situated in the bike sheds near the KS2 playground. If you would like to look and see if there is anything you can offer, please feel free to come and have a browse.
