Recap the items Jack finds when he visits the Giant's castle. Discuss the term 'harp' with the children. This may be new vocabulary to them.

What other instruments can they think of? Use items from around the house to make your own instrument. Encourage your child to experiment making different sounds, e.g. quiet and loud/ fast and slow.

Look for examples of growth in your own outdoor environment. This is a great opportunity to use language to compare size with your child. Maybe you could also hide some 'magic beans' in the garden for your child to find. How many can they find? Count carefully together encouraging your child to move/ tap each 'bean' as they count.
