

Your mission for this summer:

Find out all you can about Falcons – but especially about their characteristics – for example the RSPB says they are **powerful, agile and swift**. Can you find out what the spiritual meaning of ‘Falcon’ is?

Then use what you have found out to create a motto for you, and our class. Use just a few words like ‘**Falcons - wise, swift and protective.**’

Add your motto to one of the Heraldry Shields on our website; you might like to translate it into Latin to be really authentic!

Now add pictures to your shield – link them to the values you have chosen and your motto. They might be of Falcons, or of you!

Our shields will make our first Falcons Class display, so think carefully about how you present your work.
