

# Last Week!

I have put in Maths for you as it is so important that you cover all of the basics, so please try really hard to do some, every day.

Otherwise, I am sending a Year 6 journal for you to use – fill it with memories, friends and pictures – have some fun. Then think of some of the things we would be doing in your final week – why not watch a film, have water fight with your family, organise a little party, tidy your room instead of the classroom (!) There is also a transition video here: <https://content.scriptureunion.org.uk/resource/its-your-move-workshop-video>

## **Monday: Maths**

<https://mathswithparents.com/KWeb?>

I have set a topic for you to look at, with your parents. It's called 'Calculating Volumes of Cuboids' – a huge thank you to those parents and children who have added comments once they have completed their activity; it's great to hear how you are getting on with each area of your Maths

## **Tuesday: Maths**
